3. *You can get tickets for the Reading Festival only in Reading.*
4. *It is easy to book a room in a hotel during the festivals.*

Reading is a modern, prosperous town on the south bank of the River Thames. Guarding the western approaches to London, it has always been important. It was a stopping-off point for kings and queens and once it was home to one of the country's richest abbeys. Today almost nothing is left of the old town except the remains of the abbey.

There is a flourishing arts scene in the town, with both the Reading Film Theatre and the Hexagon Theatre. Reading is also famous for its big summertime festivals. The first, the Folk Poetry Festival, lasts five days. The three-day World Music, Arts and Dance Festival was originally inspired by Peter Gabriel. Held a little later in the summer the Reading Festival is a three-day event featuring many of the big names of contemporary music. Details of who is performing are published in the music press at least a couple of months in advance and tickets are available from record shops across the country. If you are planning on being in Reading for any of the festivals be sure to reserve a room months in advance.

Gloucester has played an important role in the history of England. Commercial prestige came to town with trade up the River Severn, which developed into one of the busiest trade routes in Europe. However, navigating the Severn was so difficult that most trade gradually moved to the south. To help the city, a canal was opened in 1827, but it didn't improve the situation. Today, the canal is busy once again, though this time with pleasure boats. It has become a great new tourist attraction. Gloucester's most prominent sight is the cathedral, its tower visible for miles around. The impressive buildings around the cathedral include the Beatrix Potter Exhibition in the house used by the children's author for her illustrations of the story of the "Tailor of Gloucester".

5. *A man-made waterway is one of the town's sights.*
6. *The Beatrix Potter Exhibition is located in the tower of the cathedral.*
